Questions?

What is the boba festival?

A non-profit event where boba shops from all over come to showcase their signature drinks.

Can we sell our own tea/food/merchandise?

At this moment, no. As we grow in the future, we would love for our vendors to be able to sell their own wares.

Where were you last year?

Sadly, we had other priorities at the time. We chose to postpone the Boba Festival to host a higher quality event, rather than force an annual event that couldn't meet everybody's expectations. This time around, we have more resources to make this event bigger and better!
